The highest four scores will be counted for the league.

In the event of equal positions after 4 events, a 5th competition will be taken into consideration. If there is still equality, the number of people placed below the person in the original 4 competitions used for the total points will be taken into account. The person with the largest score will be placed above someone with a lower score (from the original 4 events).

Riders who are not current members of TREC GB can join within 48 hours of the competition for their performance at that event to count.

Equine Flu Requirements: TREC GB requires that all events, including training & camps, involving equines should insist that vaccinations are up to date (12 month cycle) and check passports before horses are unloaded. Horses that have had their annual vaccination or a booster, within the last six days of the event should not be allowed to compete. For unvaccinated horses to be able to compete a new programme takes a minimum of 28 days.

1. The twelve month cycle means that a horse's vaccinations should be dated on or within 365 days (twelve months), for each year recorded on the passport, after the initial cycle of three injections were originally completed. For example a horse vaccinated on 15th March one year needs to be vaccinated on or before 15th March the following year. This also applies in leap years.

2. Horses with several years of annual booster vaccinations can have gaps in their record provided that;

a) The first two primary injections were administered correctly before 1st January 2014. (2nd injection 21-92 days after the 1st injection).

b) All annual boosters since 1st January 2014 are within time.

Please send a copy of your horse's vaccination certificate to the entries secretary along with your entry before the closing date, unless already included on the current TREC GB flu vaccination database. Copies can be sent by email / post

ENTRIES CLOSE: 01/11/2020 or before if entries are full.
